AbGONE Extra Strength is designed to support your weight loss goals while helping to increase lean body mass. AbGONE Extra Strength is a thermogenic weight loss supplement formulated with balanced energy and the patented ingredient ForsLean® (U.S. patent number 5,804,596) which has shown to decrease total body fat while increasing lean body mass when used in conjunction with a good nutrition and exercise program. *

In studies conducted on the ingredient ForsLean® results started in as little as two weeks. After eight weeks significant decreases were noted in the mean values for body weight and fat content, while there were noted significant increases in lean body mass.

Caution/Warnings: Not intended for use by anyone under the age of 18. Do not use this product if you are pregnant, expect to become pregnant or are nursing. This product contains caffeine. Individuals with caffeine sensitivity, diabetes, or hypertension should consult their physician prior to using this product. The recommended serving contains about as much caffeine as a cup of coffee. Limit the use of caffeine-containing medications, foods or beverages while taking this product. Excess caffeine may cause nervousness, irritability, sleeplessness and, occasionally, rapid heart beat or other adverse effects. Increasing the recommended serving amount may increase the risk of serious health effects and will not improve results. Individuals who are under a physician's care, taking prescription medication or over the counter medication should consult with their physician before using. If you experience an ill feeling, adverse health effect or any adverse reaction, discontinue use immediately and contact your physician.
